## How to play

1. **Ball in and out of play:** The ball is considered out of play when it completely crosses a goal line or touch line (on the ground or in the air). The ball is considered still in play after striking the goal post, cross bar, corner flag, or official if it ricochets back in play without crossing the goal line or touch line.
2. **Throw-In:** A throw-in is taken in order to put the ball back into play after it has passed completely over the touch line either on the ground or in the air. The throw-in shall be taken by the opposing team of the player who touched the ball last before it went over the touch-line. The throw-in shall be taken within a yard of where the ball crossed the touch-line. The thrower, at the moment of delivering the ball, must have both feet on the ground, on or behind the touch line, and throw the ball with two hands directly overhead. A goal may not be scored directly from a throw-in. The thrower shall not play the ball a second time before it has been touched by another player. If the ball fails to enter the field of play before it touches the ground, the ball is awarded to the opponent at the spot of the infraction.
3. **Goal Kick:** A goal kick is taken by a member of the defending team when the ball passes completely over the goal line, either in the air or on the ground, having last been touched/played by a member of the attacking team. The ball can be placed anywhere within the goal area, but once the ball has been placed it may not be moved. The ball must leave the penalty box before it can be played again by any player. If the ball is played a second time before it leaves the penalty box, the kick will be retaken. A goal can be scored directly from a goal kick.
4. **Corner Kick:** A corner kick is taken by a member of the attacking team when the ball passes completely over the goal line, either in the air or on the ground, having last been touched/played by a member of the defending team. The ball will be placed within the quarter circle at the nearest corner to the spot where the ball went out of play. Defenders must be at least **10 yards (5?)** away from the corner arc, not the ball. A goal can be scored directly from a corner kick.
5. **Scoring:** The ball must completely cross the goal line between the goal posts. A goal may be scored directly from a kick-off, corner kick, goal kick, or direct kick. A goal may NOT be scored directly from an indirect kick or throw-in.
